General Council Information

This seven-member body is elected to make decisions on a community-wide basis. They adopt and oversee the City's annual budget and set the annual property tax levy as one of the funding sources for the budget. The Mayor and Council also are responsible for policy decisions ranging from land use and subdivision applications to program development and awards of contracts.

The City of Hastings is divided into four wards. A Council Member is elected to represent each ward, with two At Large members and the Mayor representing the entire community. Each member of the City Council is elected to an alternating four year term. Members are also appointed by the Mayor to Council committees to address specific issues that need extra attention.

Council Meetings

The Hastings City Council meets in regular session to conduct City business on the first and third Monday of each month at 7:00 p.m. Agendas for the City Council meetings are available on our website and you can sign up to receive the agendas when they are completed.

Council Process

Information on the City Council and organizational structure can be found on our website under Chapter 30; Council-specific information is within Chapter 31.01.

Council/Staff Structure

Hastings operates with the Council-Administrator form of government. In this format, the City Administrator is responsible for carrying out the directions of the Council majority. In this way, the Mayor and Council can focus on "big picture" issues while they oversee the Administrator who manages the day-to-day operations of the City.
