

June 3, 2019

Dear Property Owner/Resident:

This letter serves as a courtesy to inform you the mill and overlay project will begin the **week of June 10th**. In preparation, you will likely begin to see:

- Installation of "Road Work Ahead" signs
- White paint delineating curb and sidewalk replacement
- Paint and flags identifying utility locates

During the first week of the project, crews will:

- Remove dilapidated concrete curb and gutter, and re-pour
- Remove the concrete pedestrian ramps on the sidewalks, and re-pour

Please be mindful of the construction workers and exercise caution by driving slow! The City acknowledges the inconvenience and thanks you in advance for your cooperation during this project!

As mentioned in the first letter, please have garbage carts curbside by 6am as Tennis Sanitation has agreed to pick up trash by 7am during the project to minimize conflicts. The project will be substantially complete by no later than July 18th.

For more project information, including the informational letter dated April 26th that went out to all residents, please visit our website: <https://www.hastingsmn.gov/city-government/city-departments/public-works/engineering-department/construction-project-information-updates/mill-overlay-program>

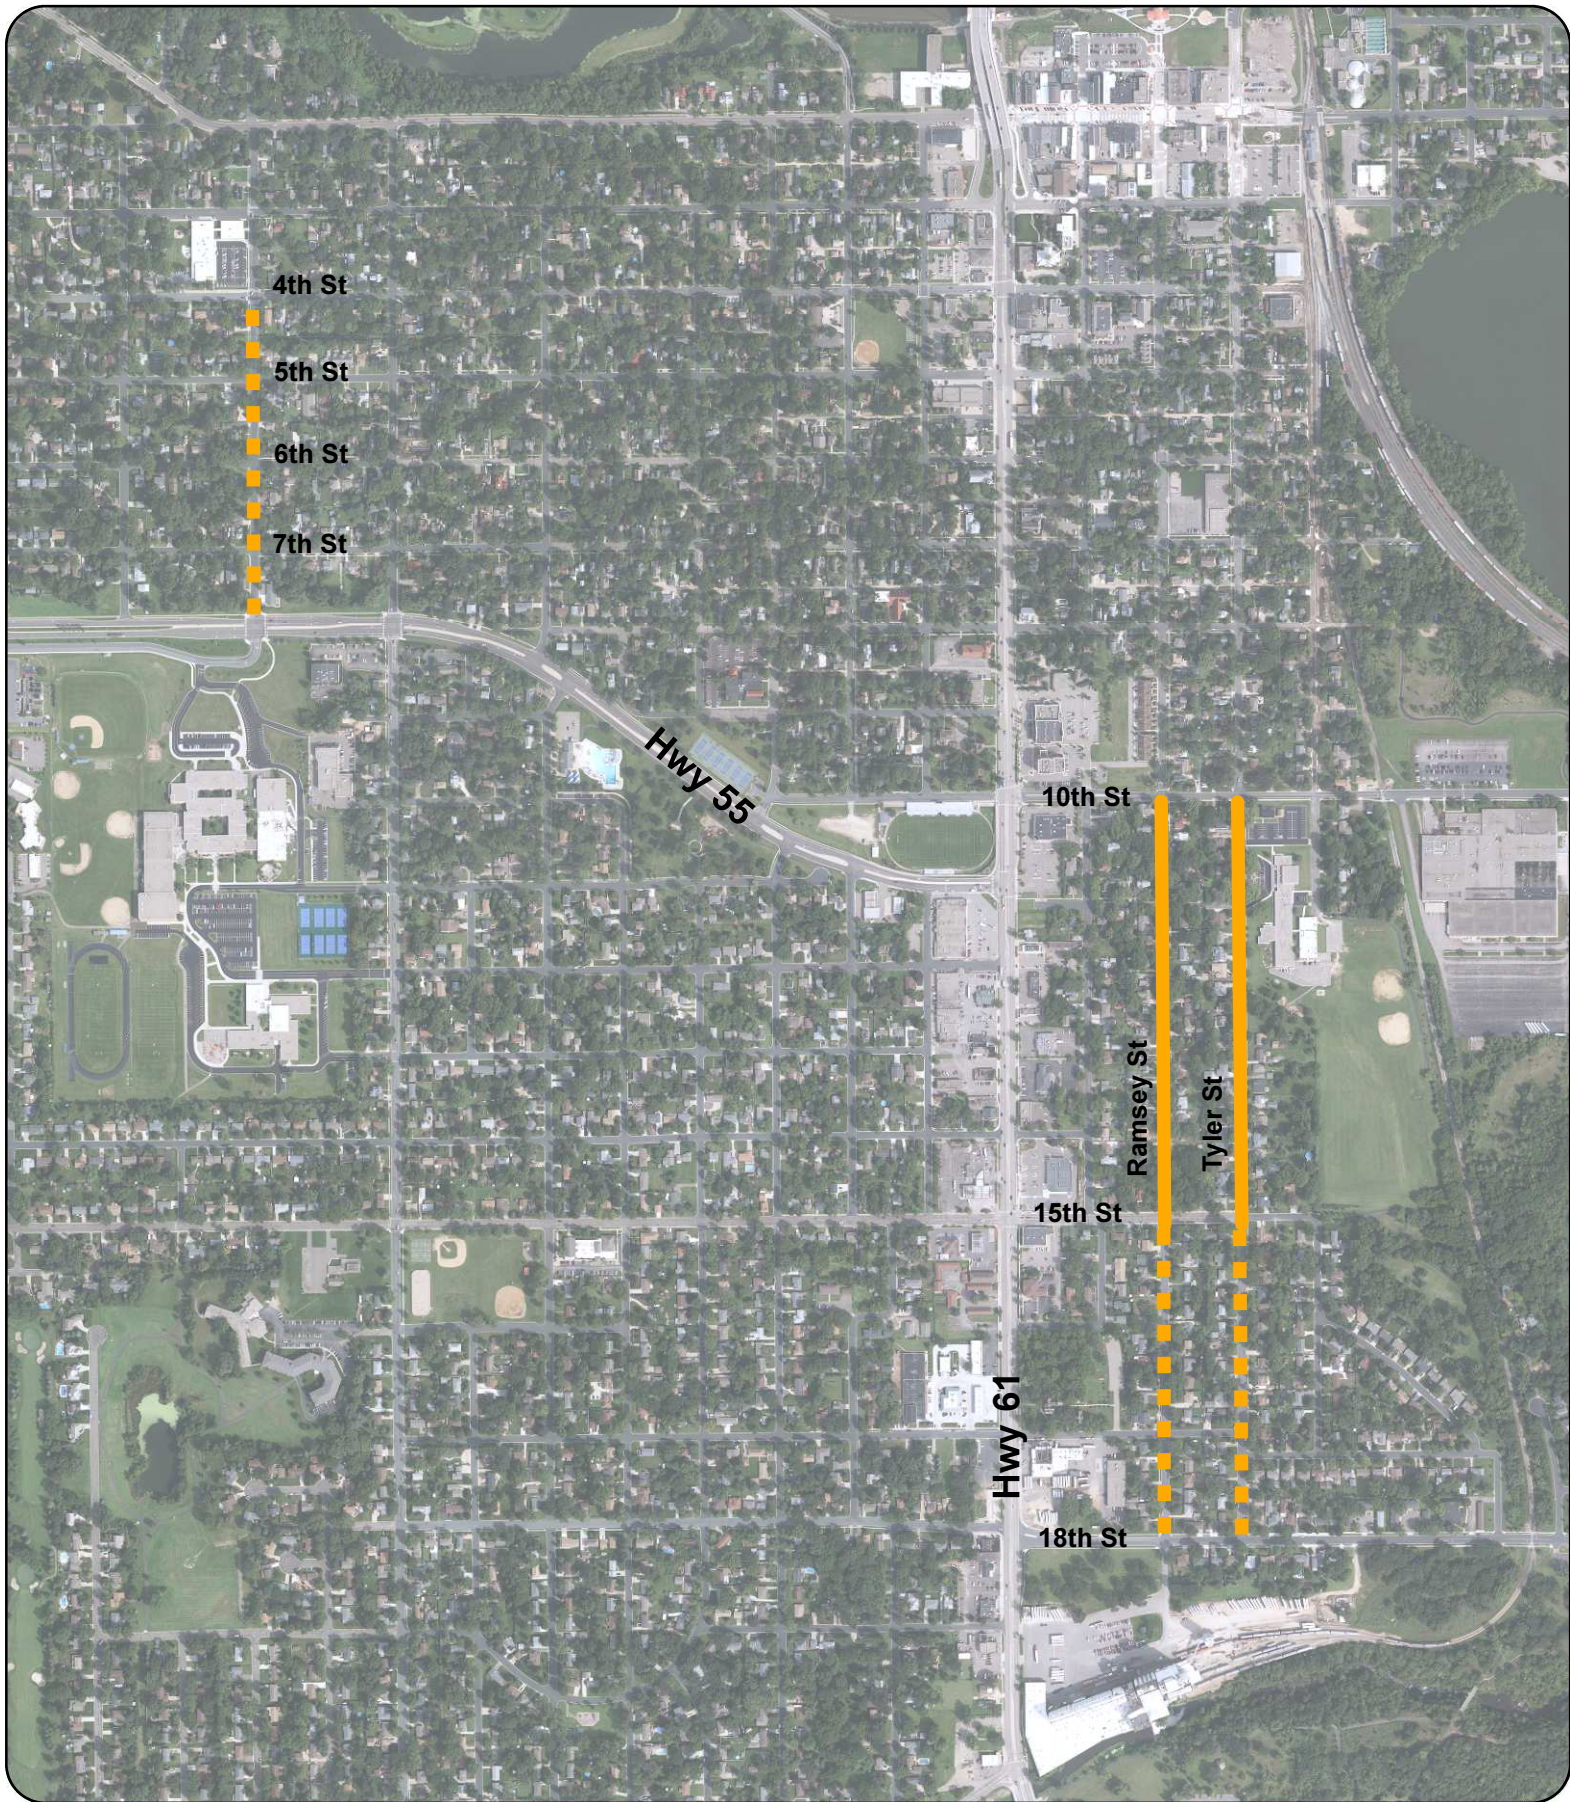

If you have any questions feel free to call the City of Hastings Engineering Department at 651.480.2334.

Sincerely,

A handwritten signature in black ink that reads "John Caven". The signature is written in a cursive, slightly slanted style.

John Caven, P.E.
Assistant City Engineer

Cc: Mayor & City Council
Nick Egger, P.E., Public Works Director
Ryan Stempski, P.E., City Engineer
