

# Central Water Treatment Plant Raw Watermain Project Construction Update #14 - 04/24/2026

## What has happened during the past week?

- The contractor finished installing and testing the watermain for the project.
- The contractor began cleanup and restoration work.

## What is scheduled for the week of April 27<sup>th</sup>?

- The contractor will continue restoration and cleanup activities across the project area. Roadway excavations will be restored, and concrete curbs and sidewalks will be replaced as necessary to prepare for the installation of the new pavement surface.
- Turf establishment and seeding are scheduled to occur at the end of April or in early May.

## Important Notes

- Please refrain from parking on streets under construction from 7 AM to 7 PM.
- During construction hours (7 AM to 7 PM), access will be maintained but may be delayed.

*Water Testing*

*Boulevard restoration*

## **Tips of the Week**

- Please follow posted detour and warning signs.
- Reduce your speed and be cautious of uneven ground.
- Remain attentive—look out for signs, construction equipment, and workers.
- When near construction areas, establish eye contact with machine operators before moving forward.
- Remind children to avoid the construction site, machinery, and piles of materials.
- Access may vary throughout the day as work continues, so thank you for being patient.
