

2025 Mill & Overlay Program Update #6 – 6/13/25

What has happened this past week?

- Milled top 2" of pavement on 4th St and Featherstone Rd
- Paved 2" of pavement on 4th St

Top Left: 4th St Milled

Top Center: 4th St Paving

Top Right: 4th St Paved

What is scheduled for next week?

- Pave 2" of pavement on Featherstone Rd
- Apply additional top soil and apply compost seed to damaged turf located behind curb and pedestrian ramps.
- Apply traffic markings in same layout as existing conditions.
- Final Clean-up.

Notes

- 1) Paving on Featherstone Rd was cancelled last Thursday (6/12) and Friday (6/13) due to rain. The contractor will try again on Monday (6/16) to complete the task. Please continue to drive slowly through the project area. During paving, access to your driveway will continue however expect short delays while those operations pass through your street. The newly paved blacktop can be driven on once it has been rolled (compacted). Please do not park on Featherstone Rd from 6am to dusk on Monday (6/16), or until paving is complete should weather post-pone paving again.**
- 2) Thank you for your patience as we try to line up the compost seed sub-contractor. Their services are in high demand but we are hopeful we will get them onsite very soon.**

Questions or Concerns?

- Project management services are being provided by the City's Engineering Department. Please call the Assistant City Engineer at (651) 480-2369 with project related questions and concerns.

Spread the Word & Encourage Updates!

- Please make sure to share this information with your neighbors and tenants. Feel free to encourage them to obtain a copy of the Construction Update if they have not already done so! Typically, new updates are posted on Friday.
