

# Central Water Treatment Plant Raw Watermain Project Construction Update #9 - 03/20/2026

## What has happened during the past week?

- Crews brought drilling equipment to the site.
- Traffic control was set up for work on the road and boulevard.
- Pipe segments for the watermain were fused in preparation for drilling.

## What is scheduled for the week of March 23<sup>rd</sup>?

- Construction crews will be drilling watermain pipe along North Frontage Road, from Westview Drive to State Street. The installation will take place in two segments. While North Frontage Road will remain accessible, traffic may be limited to one lane during active construction. The contractor will implement flagger operations as needed to facilitate safe passage of vehicles; the road will be closed to through traffic during the installation process.

## Important Notes

- Please refrain from parking on streets under construction from 7 AM to 7 PM.
- During construction hours (7 AM to 7 PM), access will be maintained but may be delayed.

*Setting up the Directional Drill Rig*

*Fusing Watermain Pipe*

## **Tips of the Week**

- Please follow posted detour and warning signs.
- Reduce your speed and be cautious of uneven ground.
- Remain attentive—look out for signs, construction equipment, and workers.
- When near construction areas, establish eye contact with machine operators before moving forward.
- Remind children to avoid the construction site, machinery, and piles of materials.
- Access may vary throughout the day as work continues, so thank you for being patient.
