

2026 Mill & Overlay Program Update #4 – 5/29/26

What has happened this past week?

- Completed pouring new concrete curb & gutter.
- Completed pouring pedestrian ramps.
- Completed patching bituminous in front of curb & gutter.
- Continued backfilling curb & gutter with top soil.

What is scheduled for next week?

- Continue backfilling curb & gutter with top soil (application of compost seed forthcoming).
- Tentatively milling pavement on June 3-5 (subject to change – watch “no parking” signage).

Left: Preparing pedestrian ramp for concrete

Right: Pedestrian ramp poured

Notes

- 1) **My apologies if any irrigation lines or underground fences were hit during the curb repair process. Infrastructure such as these are considered “guests” within the right of way and are the responsibility of the homeowner to repair. Please reference the first project notification letter mailed to your residence alerting you of this policy.**
- 2) **Milling of the pavement is tentatively scheduled for next week. No parking signs will be posted to confirm the dates chosen above. Please do not park on the street from 6am to dusk during the milling process. Access to your driveway will continue however expect short delays while the operation passes through your street. Paving operations will occur “a few days” after the milling operations. Those date are still unknown.**

Questions or Concerns?

- Project management services are being provided by the City’s Engineering Department. Please call the Assistant City Engineer at (651) 480-2369 with project related questions and concerns.

Spread the Word & Encourage Updates!

- Please make sure to share this information with your neighbors and tenants. Feel free to encourage them to obtain a copy of the Construction Update if they have not already done so! Typically, new updates are posted on Friday.
