

2026 Mill & Overlay Program Update #2 – 5/15/26

What has happened this past week?

- Continued removing spot concrete curb & gutter and pedestrian ramps
- Continued pouring new concrete curb & gutter and pedestrian ramps.
- Began patching bituminous in front of curb & gutter.
- Began backfilling curb & gutter with top soil.

Above Left: Bituminous patching of curb & gutter

Above Center: Backfilling curb & gutter with top soil

What is scheduled for next week?

- Continue pouring concrete curb & gutter and pedestrian ramps.
- Adjust select catch basins and manholes throughout the project.
- Continue patching bituminous in front of curb & gutter.
- Continue backfilling curb & gutter with top soil (application of compost seed forthcoming).

Note: Curb & gutter at driveways may be driven on 7 days after it was poured. Please continue to expect hit or miss minor traffic delays during the construction project. Be mindful to keep speeds down while driving through the project. If possible, use alternate routes to minimize disruption to the work. The tentative schedule for milling and paving, weather dependent, subject to change, is June. The City understands this project is an inconvenience and appreciates your cooperation and patience as we improve the quality of these roads for you!

Questions or Concerns?

- Project management services are being provided by the City's Engineering Department. Please call the Assistant City Engineer at (651) 480-2369 with project related questions and concerns.

Spread the Word & Encourage Updates!

- Please make sure to share this information with your neighbors and tenants. Feel free to encourage them to obtain a copy of the Construction Update if they have not already done so! Typically, new updates are posted on Friday.
